

Game: DRAGON COINS

Basic information: Five-reel game with 5 or 10 winning lines. Wins are valid from left to right and from right to left, except for SCATTER, which is valid anywhere on reels. Only the highest win on the winning line is valid. During one game, you can win on more winning lines, which means the winnings are added.

Dragon symbol is a WILD. During the free games, all symbols with a Dragon on it, can be randomly converted into a WILD symbol. WILD substitutes for all symbols.

Bonus game FREE SPINS: By chance, the dragon may awaken after completing a game (only possible in the main game). He then moves across the screen and overlays up to 15 symbols with a golden dragon claw. If the dragon has overlaid at least 5 symbols with the Dragon Claw, Free Games will be triggered. The number of free spins corresponds to the number of overlaid symbols.

Dragon Feature: In addition, during the free spins, Dragon coins must be collected to a predefined number. These coins always appear only on a specially indicated symbol.

When the collection is completed, 6 free spins and a special win will be awarded and the next symbol on which the coins appear will be displayed.

The collection starts with the lowest symbol and is successively updated to the highest symbol.
