KAJOT

YELLOW PLANET

The new, flexible and most versatile gaming system Yellow Planet is available in both server-based and stand-alone versions. Apart from well-known and popular games, the package of more than 60 games includes also many enticing new games with improved graphics, catchy bonus games and a mystery bonus game. The player can choose from a wide range of different themed and classic fruit games. The possibility to select games with a fixed number of lines, criss-cross or even the possibility to select the number of lines contribute to the versatility.
