

## QUALITY POLICY

**Date of  
efficiency:**  
May 1st 2019

This document defines a framework for setting quality objectives, includes a commitment to meet relevant requirements and a commitment to continually improve the quality management system. It is suitable for the purposes and context of the KAJOT Group (hereafter referred to only as the Group) and supports its strategic focus.

KAJOT Group is engaged in the development, production and operation of gaming software and gaming devices. We want to be a transparent, strong partner and a fair, desired employer. We launch our own, innovative products and services.

### Principles of quality policy

The main goal of the Group is the functioning of a stably developing company operating in entertainment industry with increasing customer satisfaction with our services.

- Keep customers satisfied
- Regularly check and evaluate level of our services with the customer
- We follow valid up-to-date legislation and keep all procedures and instructions
- We provide our employees all the necessary training, regular training and education and thus increase their qualifications and responsibilities
- We support creativity of employees, their performance and personal growth
- We strive to create such a working environment that will fully satisfy our employees, will motivate them and thereby positively influence the quality of their work
- We try to minimize the negative impact of our activities on the environment
- We develop active collaboration with our suppliers
- Our goal is to be number one in the jurisdictional markets where we actively operate
- We ensure consistently high quality of offered products
- We raise the efficiency of our processes across the group and thereby improve the whole quality management system
